

## Southwestern Chicken Chili

4 boneless chicken breasts

1(16 oz.) jar salsa

2 T. minced garlic

2 tsp. ground cumin

1 T. chili powder

1 can diced green chilies

1 (16 oz) can diced tomatoes

1 can Southwestern-style corn

1 can black beans

1 can northern beans

Place chicken, salsa, garlic, cumin, chili powder, chilies and tomatoes in a greased, slow cooker insert. Cook 6 to 8 hours on low setting. Pull chicken breasts out onto a cutting board; shred the meat with two forks. Return meat to slow cooker, and stir in the cans of beans and corn (all drained) into the slow cooker. Bring all up to heat, and then serve with sour cream and shredded cheese on the side (if desired).
